

Harbor Lights

[C] I saw the [G7] harbor lights.
They only told me we were [C] parting.
The same old [G7] harbor lights that once brought you to [C] me.
I watched the [G7] harbor lights.
How could I help if tears were [C] falling?
Some other [G7] harbor lights will steal your love from [C] me.

I long to [F] hold you near and kiss you just once [C] more
But [D7] you were on the ship and I was on the [G7] shore
[C] Now I'll know [G7] lonely nights
For all the while my heart is [C] whispering
Some other [G7] harbor lights will steal your love from [C] me

I long to [F] hold you near and kiss you just once [C] more
But [D7] you were on the ship and I was on the [G7] shore
[C] Now I'll know [G7] lonely nights
For all the while my heart is [C] whispering
Some other [G7] harbor lights will steal your love from [C] me.
